

We invite you to support

THE HOUSE OF BLUE HEARTS

a community home for individuals in the autism spectrum

Toruń, Suwalska Street 49

The house was established as an initiative by parents forming the Autism Support Association in Toruń (SPOZA in Toruń)

The building was created with the future of growing children in mind, as a place for therapy, learning independence, rest, and eventually permanent residence.

THE HOUSE OF BLUE HEARTS is surrounded by a large garden, where the SPOZA in Toruń wards not only rest with friends, but most importantly learn skills necessary in adult life.

The building is 500m², with 6 rooms including bathrooms for future residents, therapeutic areas, and a living room with a kitchen.

THE HOUSE OF BLUE HEARTS is a meeting place for SPOZA families in Toruń, a safe haven, where everyone finds understanding and support.
